

Question F1

The First Amendment, which provides the right of Americans to have free speech, was enacted more than 200 years ago. Do you agree or disagree with this statement? 'The First Amendment goes too far in allowing hate speech in modern America and should be updated to reflect the cultural norms of today.'

Question F6

Traditional media companies such as TV stations and newspapers use an editorial process to check facts, even if they are occasionally wrong or slanted. Newer alternative media, such as online podcasts, allow anyone to say anything, regardless of its accuracy. Would you support a government agency reviewing content put out by these alternative media sources?

Question F10

Is this a true or false statement? 'The constitution preserves the right to free speech. The First Amendment allows anyone to say their opinion no matter what, and they are protected by law from any consequences of saying those thoughts or opinions.'
